Mix of the Day: Rone

EB RADIO about RONE

WEDNESDAY, JANUARY 09, 2013 IN EB RADIO Rone's sophomore LP *Tohu-Bohu*, which dropped last November on InFiné, is a bit more upbeat than this mix he submitted for us—but you know by now, we imagine, that down is where we like to get. Don't worry, though: it's hardly depressive. The French producer (now based in Berlin) packs all the emotive dreaminess and laid-back attitude of that album into his hour-long MOTD, with a decidedly philosophical vibe as well. In short, it's a blaze-worthy journey into *chilling the heck out*, the perfect cure for the rainy grayness of Berlin winters. Stream it above.
