TUNE OF THE MONTH

RONE

Bye Bye Macadam (Juan Atkins remix) infiné

Juan more tune!

A new InFiné release is always worth checking, particularly when it involves one of the god-fathers of techno. As you'd expect, Juan Atkins' rerub of 'Bye Bye Macadam' by label protégé Rone offers a glimpse into the future via Juan's disco ball. It kicks in with warped synth lines, a thunderous bassline and powerful beats. Midway in there's a pretty epic breakdown, before it continues with tough, propulsive energy and high-pitched, stirring melodies. Juan's still got it. 9/10
